Day 1

Saturday 7th February

After a long day flying via Houston we arrived in San Jose in the late evening and transferred to our comfortable hotel for some welcome sleep.

Day 2

Sunday 8th February

We started the day at first light with an hour-or-so in the hotel's garden where we had a quick-fire introduction to an exciting array of common Costa Rican birds. These included Crimson-fronted Parakeets, Red-billed Pigeons, Hoffman's Woodpeckers, Baltimore Orioles, Brown Jays, Rufous-naped Wrens and a couple of impressive White-tailed Kites.

After breakfast we boarded our bus and began the drive southwards towards the Talamanca Cordillera and Savegre, our venue for the next couple of days. We made a stop for coffee after a couple of hours and, from the café's terrace, enjoyed close up views of Magnificent, Scintillant and Volcano Hummingbirds, White-throated Mountaingems, a Yellow-thighed Finch, a pair of Flame-coloured Tanagers, three Acorn Woodpeckers and a Red-tailed Hawk. Towards the end of the journey, as we descended into Savegre Valley itself, we made an impromptu roadside stop to admire the wonderful scenery and fortuitously found a male Quetzal perched up in a distant tree plus several Long-tailed Silky-flycatchers and a pair of vocal Rufous-browed Peppershrikes.

We arrived at Savegre in good time for lunch and, after a little time to settle in, we set off to explore our new surroundings. We saw many of the species we had encountered earlier in the day, but new hummers at the feeders around the reception area included Stripe-tailed Hummingbird and Green Violetear and, in the gardens, we also found a pair of Emerald Toucanets excavating a nest hole, a trio of Spotted Wood Quails and a Black Guan – not bad for starters!

Day 3

Monday 9th February

Out at dawn, we began the day around the gardens again with good views of Grey-breasted Wood Wren, Tufted Flycatcher, Ruddy-capped Nightingale-Thrush, Collared Whitestart, Sooty Flowerpiercer and Flame-coloured Tanager. After breakfast we got into the bus and, after an exciting roadside stop for a magnificent male Quetzal perched at eye-level just yards from the road, we drove up to the Paraiso del Quetzal, at the top of the ridge. Here we explored some really glorious forest and found a range of the local high altitude specialities including several Black-and-yellow Silky-flycatchers, a Yellow-winged Vireo, at least three Black-billed Nightingale-Thrushes, two Black-cheeked Warblers, a few Yellow-thighed and Large-footed Finches and a number of dazzling Fiery-throated Hummingbirds.

We returned to Savegre for lunch and then, with Swallow-tailed Kites and a Red-tailed Hawk sailing over the forested ridge above and Sulphur-winged Parakeets zapping in and out of the trees around the lodge, we set off up to the high oak woods for a walk. Sadly, heavy rain set in and we had to abandon the idea and, instead, spent

the afternoon sheltering from the deluge at a rustic café a little up the valley, where the feeders attracted a few birds and allowed us some excellent views of Volcano Hummingbird, Spot-crowned Woodcreeper, Mountain Elaenia and Sooty-capped Bush Tanager.

Day 4

Tuesday 10th February

We left Savegre after breakfast and began the journey through the mountains and down to the Pacific coast. Our first stop was in an area of high altitude paramo where we admired the panoramic views, gasped a little with 11,000 feet plus breathlessness, and enjoyed close encounters with Volcano Hummingbirds, Volcano Juncos, Sooty Flowerpiercers, a superb Flame-throated Warbler and a neat little Spiny Lizard. Continuing onwards through the mountains, we made a late-morning coffee stop just short of San Isidro and, from the balcony, noted a Red-crowned Woodpecker, Cherrie's and Silver-cheeked Tanagers, Chestnut-capped and White-naped Brush Finches, a Scarlet-thighed Dacnis and a surprise Grey-necked Wood Rail.

We reached the coast road just north of Dominical shortly after noon and then made fast progress north towards Tarcoles. Flat, open country now, with Cattle Egrets in the fields, Turkey Vultures in the sky, occasional Roadside Hawks on posts watching the traffic go by and Greater Kiskadees, Tropical Kingbirds and Grey-breasted Martins on the roadside wires. We passed through extensive oil palm plantations, ate a restaurant lunch in Quipos, passed Jaco town and made it to Vila Lapas in the mid-afternoon. After settling in, we took an exploratory stroll around the grounds and finished the day with Scarlet Macaws, Black-mandibled Toucans, Buff-rumped Warblers, Painted Buntings, Common Basilisks, Spiny-tailed Iguanas and a sleeping Two-toed Sloth.

Day 5

Wednesday 11th February

A brief early morning session in the gardens at Vila Lapas produced a male Pale-billed Woodpecker and a pair of Rose-throated Becards before, with breakfast completed, we drove the short distance to the Carrera National Park and made an early start on the trails. Very soon after we set out, we met an Army Ant swarm and enjoyed some fabulous views of the attendant birds which included two Chestnut-backed Antbirds, a Bi-coloured Antbird, a Black-faced Ant-thrush and a Barred Woodcreeper. These are all good species to see at any time and they were all so preoccupied with the ant activity that they completely ignored us and potted around at arm's reach – lovely! As we watched, the ants flushed a sizeable scorpion and then a formidable Wolf Spider; clear testament to the effectiveness of the ants as a predatory force and to the reason why all these various birds follow them.

Continuing along the trail we found some Orange-collared Manakins, a Violaceous Trogon, a Blue-throated Goldentail (with a nest complete with two tiny white eggs!), a diminutive Golden-crowned Spadebill, a couple of Agoutis and a range of reptiles including Anoles, Amoebas and the inevitable Iguanas and Basilisks. We finished the morning with the lovely sight of a Scarlet Macaw at its oil-drum nest site, in a tall tree near the entrance to Vila Lapas.

We were back out in the national park again in the mid-afternoon, this time walking a trail through some primary forest. The first excitement was a large lime green snake with fine black markings which was moving stealthily through the undergrowth close to the path. Fully two metres long, this impressive creature climbed up into one of the trees with the utmost ease. It was a bird hunter known as *Spelotes pullata* and an excellent find!

As we continued we encountered a Cocoa Woodcreeper, a rather elusive Ovenbird, some more Chestnut-backed Antbirds, a striking Orange-billed Sparrow and, late on, Red-capped and Blue-crowned Manakins, Buff-throated Foliage-gleaner and Ochre-bellied Flycatcher coming in to bathe at a small stream. A Great Tinamou and a Streak-chested Antpitta, calling unseen from the shadows of the forest, added to the atmosphere and, as we emerged from the forest into the car park, we concluded an enjoyable day with the sight of two Bat Falcons perched in the crown of a tall tree.

Day 6

Thursday 12th February

Some of us were out at dawn again at Vila Lapas and, in a short space of time, we saw a very satisfying range of birds that included Band-tailed Barbthroat, Scaly-breasted Hummingbird, Grey-chested Dove, Riverside Wren, Slaty Antwren, Common Tody-Flycatcher and Grey-headed Tanager.

After breakfast we set out on a boat trip along the Tarcoles River and had a wonderful couple of hours during which we saw an excellent selection of herons, egrets, waders and associated species, plus Purple Gallinule, Ringed and Green Kingfishers, Osprey, Mangrove Black Hawk and Zone-tailed Hawk. There were lots of Crocodiles too, ranging in size from small to menacingly large, whilst a Bare-throated Tiger Heron, sunning itself with wings outstretched and head held skywards like a Bittern, presented an extraordinary spectacle. Exploring a narrow mangrove-fringed creek, we came across a rather out of place White-faced Capuchin and a distant soaring Black Hawk-Eagle, and had lovely views of a Pygmy Kingfisher, a Mangrove Cuckoo, Prothonotary and Mangrove Warblers and two Panama Flycatchers.

From Tarcoles, we headed north along the coast and made it to Ensenada by 1pm. We went straight into lunch, and were entertained by the resident White-throated Magpie-Jays that were hanging around the restaurant area, waiting for a chance to grab unattended scraps from the tables. After a brief siesta, we set out to explore. Some Stripe-headed Sparrows and a pair of roosting Pacific Screech Owls got things off to a good start and, down by the Salinas, we spent some time watching a troop of Mantled Howler Monkeys loafing their way through the heat of the afternoon in a large tree by the track. The group included some adventurous youngsters and a couple of babes in arms, so there was lots to engage our attention.

It was low tide, so the Salinas themselves were fairly quiet (most of the waders were out on the exposed mudflats of the nearby Gulf) but a walk through some scrubland to a small muddy lagoon proved productive enough, with good views of a range of wetland species such as Wood Storks, Roseate Spoonbills, White Ibis and Little Blue Herons and some small birds including Scrub Flycatcher, Scrub Euphonia and American Redstart.

Day 7

Friday 13th February

We were out at dawn again: a beautiful, still, sunny morning. We started with a Lineated Woodpecker, Black-headed and Violaceous Trogons and a trio of Spot-breasted Orioles in the car park area and then, strolling down a track through pasture, scrub and copses, we continued this very enjoyable start to the day with White-fronted Parrots, Orange-fronted Parakeets, a Cinnamon Hummingbird, a couple of Turquoise-browed Motmots, two Streak-backed Orioles and two pairs of White-lored Gnatcatchers.

After breakfast we strolled down to the jetty on the shore and boarded the lodge's boat for a trip out across the gulf to the mangroves. This gave us wonderful close up views of a range of roosting waders including Whimbrel,

Willetts, Grey Plovers, Short-billed Dowitchers and Marbled Godwits plus Brown Pelicans, Magnificent Frigatebirds, Ospreys and Royal Terns – lovely! Prothonotary and Mangrove Warblers added a little spice whilst a Hook-billed Kite soaring high overhead was a definite bonus. Back at the dock, at the end of the morning, we found a large flock of Semi-palmated and Western Sandpipers roosting on the shore, and a number of impressive Stingrays gliding around in the shallow, clear water.

In the afternoon, we drove across country to the celebrated Hacienda Solimar. We started in an impressive area of dry forest, where we enjoyed superb close-up views of a roosting Spectacled Owl. From here, we proceeded out into an area of the extensive wetlands for which the ranch is famous, and found masses of birds. Highlights included two Jabirus, dozens of Bare-throated Tiger Herons, hundreds of Northern Jacanas and Blue-winged Teals, thousands of Black-bellied Whistling Ducks, 14 Muscovy Ducks and two Limpkins. Raptors were well represented too, with White-tailed Kite, Peregrine Falcon, Harris Hawk, Crested and Yellow-headed Caracaras and at least 15 Snail Kites, whilst mammals included some more Mantled Howlers and a number of White-nosed Coatis. We concluded this excellent afternoon with a couple of roosting Lesser Nighthawks, and a flock of 25 Yellow-naped Parrots coming into trees back by the ranch itself.

Day 8

Saturday 14th February

Another early morning walk around the lodge and along the track produced many of yesterday morning's birds plus several Montezuma's Oropendolas carrying nest material, our first Masked Tityra and a superb little Ferruginous Pygmy Owl that glared at us from its perch, high in a Guanacaste tree. The sky was full of hirundines and swifts, perhaps due to bad weather up in the mountains inland. The former were dominated by Barn Swallows but included good numbers of Cliff Swallows, whilst the latter comprised mostly Vaux's and Chestnut-collared Swifts, as far as we could see, but with several White-collared mixed in.

We left Ensenada Lodge after a leisurely breakfast and made a brief stop at the Salinas again, where we saw a nice range of waders, including several Wilson's Plovers and a large flock of over 500 Western and Semi-palmated Sandpipers which executed some lovely aerial manoeuvres, especially when a Peregrine flashed through and had a go at them. Four Mangrove Black Hawks in the air together were an impressive sight, and a Laughing Falcon in a trackside tree was another good find. Pretty soon we were out on the main road and heading up into the mountains through a picturesque patchwork of forest, scrub, pasture and small, neat, farmsteads. We made stops for the views, noted a Broad-winged Hawk and some Yellow-faced Grassquits along the way, and made it to Santa Elena in time for lunch.

After a little time to settle into our hotel, we drove the short distance up to the so-called Hummingbird Gallery by the entrance to Monteverde Cloud Forest Reserve. Here we sat in comfort, only feet away from a range of feeders that were positively buzzing with hummingbirds. Green-crowned Brilliants, Green Violetears and Purple-throated Mountaingems were the most numerous species, but there were also good numbers of the large and physically dominant Violet Sabrewings, plus a scattering of Stripe-tailed Hummingbirds, diminutive Copper-headed Emeralds, a Costa Rican endemic, and at least one superb male Magenta-throated Woodstar that wowed everyone as it zapped around flashing its dazzling iridescent throat patch. Bananaquits and Common Bush Tanagers added to the interest but a superb Olingo that descended from the trees above and proceeded to empty one nectar feeder after another was a bonus indeed! To have this animal in close view for so long and to have the

chance to really appreciate its character and to watch as it made its way so gracefully through the branches and foliage was a rare treat indeed!

Day 9

Sunday 15th February

After an early breakfast, we headed up to Monteverde Cloud Forest Reserve and set out on the trails. It was cool, overcast and drizzly at first, but the weather improved as the morning progressed and we had a good opportunity to appreciate this wonderful forest. Bird-wise we had a good morning of it, with highlights including Black Guan, Azure-hooded Jay, Spotted Woodcreeper, Red-faced Spinetail, Ochraceous Wren, Black-faced Solitaire, Scale-crested Pygmy Tyrant, Slate-throated Whitestart and Three-striped Warbler. Late on, back near the entrance, we hit an Army Ant swarm that was attracting lots of birds. Here we had amazing prolonged views of at least four Slaty-backed Nightingale-Thrushes, a Spotted Barbtail, a Lineated Foliage-gleaner, a Blue-crowned Motmot and, best of all, a superb Barred Forest Falcon that sat on open perches in the understorey, just a few metres away from us. This is something of a “Holy Grail” bird so we watched entranced as it periodically dropped down to the forest floor to pick up hapless invertebrates flushed by the ants – wow!

Lunch and a brief break followed and then we returned for another session in the forest. It was inevitably quieter than the morning but we enjoyed some serious quality with good views of two male Quetzals, a close Agouti peeling and eating a large seed and, at the waterfall, two Green Lancebills which, as we watched, actually sparred in mid-air with those amazing great long bills of theirs.

Day 10

Monday 16th February

With breakfast completed, we set off across the mountains to Tilarin and so to Nuevo Arenal where we stopped for mid-morning coffee. It was a cool, wet morning and the Crested Guans and Grey-headed Chachalacas in some trees across the road from the café looked decidedly bedraggled. A little further on, we saw a Grey Hawk and then a Broad-billed Motmot that obligingly sat tight on some roadside wires. At Arenal Dam, we braved the now heavy rain for a while, to observe a roosting Great Potoo – quite a beast! Then, in a welcome break in the rain, we strolled along the old Tabacon Road and found Chestnut-mandibled Toucans, Red-lored Parrots, a White-throated Thrush, White-shouldered Tanagers, another Broad-billed Motmot and a lovely male White-collared Manakin.

We ate lunch in a restaurant on the edge of La Fortuna. In the gardens here, between courses as it were, we had some great views of Orange-chinned Parakeets, Squirrel Cuckoo, Amazon Kingfisher, Black-cheeked Woodpecker and Black-headed Saltator. Continuing on, we finally reached our hotel on the far side of Arenal Volcano towards the end of the afternoon and, after settling in, we strolled around and finished the afternoon with sightings of Barred Antshrike, Thick-billed Seed Finch, Common Tody-Flycatcher, Golden-winged and Black-and-white Warblers and the briefest of views of Olivaceous Piculets.

Day 11

Tuesday 17th February

We awoke to a sunny dawn, clear views of the conical summit of Arenal Volcano and a range of early morning birds that included the hoped-for Olivaceous Piculet, plus Lineated, Smoky-brown, Rufous-winged and Black-

cheeked Woodpeckers, Red-lored and White-crowned Parrots, Barred Antshrike, Tropical Pewee, Black-cowled Oriole and Green Honeycreeper.

We departed soon after breakfast and continued our journey down onto the Caribbean slope. We made a supermarket stop in Aguas Zarcas town, where we found a Two-toed Sloth in some trees along a water course at the edge of the supermarket car park and, in Puerto Viejo, we noted a huge passage of Turkey Vultures passing northwards high overhead. We counted over 1100 in less than five minutes!

We arrived at Sueno Azul at lunchtime and, after a short break to settle in and some time to admire the Howler Monkeys in the car park trees and the Long-nosed Bats roosting under the roof of one of the walkways, we set off to explore. We crossed the river bridge and strolled down the entrance track and found an excellent range of birds, headlined by a male Snowy Cotinga, two Green Ibis and a fabulous perched Grey-headed Kite. The wide supporting cast included Mealy Parrot, Slaty-tailed Trogon, Streak-headed Woodcreeper, Bright-rumped Atilla, Bay Wren, Scarlet-thighed Dacnis and Black-faced Grosbeak.

Day 12

Wednesday 18th February

After an early breakfast at Sueno Azul and good views of a White-whiskered Puffbird and a Bright-rumped Atilla by the river bridge on the way out, we drove the short distance to the La Selva reserve. Here we spent the morning walking the trails and enjoyed a range of exciting sightings and a very interesting introduction to this fabulous forest. Bird highlights included Brown-headed Parrot, Rufous Motmot, Collared Aracari, Black-throated Trogon, Rufous-tailed Jacamar, White-collared Manakin, Stripe-breasted Wren and a superb male Great Curassow. Raptors were well represented too with a pair of Collared Forest Falcons, a Double-toothed Kite and lovely views of a Semiplumbeous Hawk. We also saw Strawberry Poison Dart Frogs, Central American Whiptail Lizards, Green Iguanas, Black River Turtles, Collared Peccaries and an Agouti.

After lunch and a short siesta back at Sueno Azul, we returned to La Selva and finished the day in grand style with a further range of quality encounters, including a Sunbittern creeping along the edge of a small stream, four Crested Guans, several colourful Keel-billed Toucans, a male Pale-billed Woodpecker busy hammering away at a dead branch, and a roosting Vermiculated Screech Owl. Two Spider Monkeys making their way through the canopy were the icing on the cake, and it was wonderful to watch them as they moved through the trees with such ease and skill, making full use of their amazing prehensile tails.

Day 13

Thursday 19th February

After another early breakfast, interrupted by lovely views of a singing male Blue-black Grosbeak and a Pygmy Kingfisher, we boarded the bus and headed out of Sueno Azul. A little over an hour later, we arrived at the mid-altitude valley of La Virgen de Socorro. It was a beautiful sunny morning with a light breeze, and raptors turned out to be the order of the day. During our pleasant stroll along the track through this beautiful forested valley, we saw White, Barred, Broad-winged and Short-tailed Hawks, a distant Double-toothed Kite, and seven superb Swallow-tailed Kites that soared gracefully around over the canopy catching insects. Small birds included a neat Yellowish Flycatcher and a couple of Dazzling Crimson-collared Tanagers. Colourful butterflies flitted all around us and, in the dense vegetation down by the river, we found a lovely Green Tree Anole and a Green Parrot Snake.

We finished the morning at a rustic café at Cinchona, a little further up the road. Here, over coffee and empanadas, we savoured close up views of Silver-throated Tanagers and a range of hummers including a couple of the endemic Coppery-headed Emeralds and a smart male White-breasted Mountaingem. Not a bad morning really!

After lunch and a short siesta back at Sueno Azul, we explored along the entrance track again and had an excellent last birding session. In an action-packed couple of hours, we enjoyed wonderfully close views of a Laughing Falcon with a Speckled Racer Snake that it had just caught, 11 fly-over Great Green Macaws, a couple of Long-tailed Tyrants, a Rufous-winged Woodpecker, some Plain-coloured Tanagers, a White-ringed Flycatcher and close up views of Black-cheeked Woodpeckers excavating a nest hole.

Day 14

Friday 20th February

With breakfast completed and a last few birds seen, we boarded the bus for the drive back through the mountains to the Central Valley and San Jose. We broke the journey for coffee and arrived at San Jose airport in good time. The check-in went smoothly, our early afternoon flight was on time, and soon we were all UK bound, with our heads full of images and memories of our Costa Rican adventure.

Day 15

Saturday 21st February

Return to the UK

Acknowledgements

Thanks to Yehudi for his excellent assistance throughout, to Alberto our driver and to the local guides and staff at the various hotels and lodges that we stayed in who all did their best to make our stay in Costa Rica a success. Thanks also to all the various members of the group for their individual parts in what was a memorable and enjoyable trip.

Species Lists

Birds (h = heard only)

	Common name	Scientific name	February														
			8	9	10	11	12	13	14	15	16	17	18	19	20		
1	Great Tinamou	<i>Tinamus major</i>				2h									3h		
2	Grey-headed Chachalaca	<i>Ortalis cinereiceps</i>								2		10			5		
3	Crested Guan	<i>Penelope purpurascens</i>										3			6		
4	Black Guan	<i>Chamaepetes unicolor</i>	2	2	2							1					
5	Great Curassow	<i>Crax rubra</i>													1		
6	Spotted Wood Quail	<i>Odontophorus guttatus</i>	3	h													
7	Black-bellied Whistling Duck	<i>Dendrocygna autumnalis</i>							2500+						2	6	
8	Muscovy Duck	<i>Cairina moschata</i>							14								
9	Blue-winged Teal	<i>Anas discors</i>						15	200+								
10	Northern Shoveler	<i>Anas clypeata</i>						2	1								
11	Wood Stork	<i>Mycteria americana</i>						25	30	2							
12	Jabiru	<i>Jabiru mycteria</i>							2								
13	Green Ibis	<i>Mesembrinibis cayennensis</i>											2	2	3		
14	American White Ibis	<i>Eudocimus albus</i>			4			20	10	2							
15	Roseate Spoonbill	<i>Platalea ajaja</i>						7									
16	Bare-throated Tiger Heron	<i>Tigrisoma mexicanum</i>				1	4	30							1	1	
17	Boat-billed Heron	<i>Cochlearius cochlearius</i>						2	3								
18	Black-crowned Night Heron	<i>Nycticorax nycticorax</i>						1	2								
19	Yellow-crowned Night Heron	<i>Nyctanassa violacea</i>						6					1	1	1

93	White-winged Dove	<i>Zenaida asiatica</i>	1		2		10	10	6		4					

	Common name	Scientific name	February												
			8	9	10	11	12	13	14	15	16	17	18	19	20
94	Inca Dove	<i>Columbina inca</i>	2		5		5	10	2						
95	Common Ground Dove	<i>Columbina passerina</i>					2	25	2						
96	Ruddy Ground Dove	<i>Columbina talpacoti</i>			3	5	2	20	8		3	4	2	3	
97	White-tipped Dove	<i>Leptotila verreauxi</i>	1h		2	5	2	1			2	2	1	1	
98	Grey-chested Dove	<i>Leptotila cassinii</i>					1								
99	Chiriqui Quail-Dove	<i>Geotrygon chiriquensis</i>								1					
100	Great Green Macaw	<i>Ara ambiguus</i>											h	11	
101	Scarlet Macaw	<i>Ara macao</i>			8	9	4								
102	Finsch's Parakeet	<i>Aratinga finschi</i>	50									6			
103	Olive-throated Parakeet	<i>Aratinga nana</i>										4		6	
104	Orange-fronted Parakeet	<i>Aratinga canicularis</i>					15	30	30						
105	Sulphur-winged Parakeet	<i>Pyrrhura hoffmanni</i>	4	15	10										
106	Orange-chinned Parakeet	<i>Brotogeris jugularis</i>					4	10	6		15	2	6	2	
107	Brown-hooded Parrot	<i>Pyrilia haematotis</i>								3			4		
108	White-crowned Parrot	<i>Pionus senilis</i>				1						5	10		
109	White-fronted Amazon	<i>Amazona albifrons</i>					20	20	10		5				
110	Red-lored Amazon	<i>Amazona autumnalis</i>									4	8	5	5	
111	Yellow-naped Amazon	<i>Amazona auropalliata</i>					h	25							
112	Mealy Amazon	<i>Amazona farinosa</i>				2	1					5		6	
113	Groove-billed Ani	<i>Crotophaga sulcirostris</i>			5		10	20	12		8		2		
114	Striped Cuckoo	<i>Tapera naevia</i>												1h	
115	Squirrel Cuckoo	<i>Piaya cayana</i>				1	1	3	1		1	5	2	2	
116	Mangrove Cuckoo	<i>Coccyzus minor</i>					1								
117	Pacific Screech Owl	<i>Megascops cooperi</i>					2								
118	Vermiculated Screech Owl	<i>Megascops vermiculatus</i>											1		
119	Spectacled Owl	<i>Pulsatrix perspicillata</i>				1h		1							
120	Ferruginous Pygmy Owl	<i>Glaucidium brasilianum</i>						2h	1+1h						
121	Lesser Nighthawk	<i>Chordeiles acutipennis</i>						6							
122	Pauraque	<i>Nyctidromus albicollis</i>									1h	1h		1h 1h	
123	Great Potoo	<i>Nyctibius grandis</i>									1				
124	Chestnut-collared Swift	<i>Streptoprocne rutila</i>							50+						
125	White-collared Swift	<i>Streptoprocne zonaris</i>							3+				6	20	

	Common name	Scientific name	February													
			8	9	10	11	12	13	14	15	16	17	18	19	20	
126	Costa Rican Swift	<i>Chaetura fumosa</i>			10	5	10									
127	Grey-rumped Swift	<i>Chaetura cinereiventris</i>										15	30	10		
128	Vaux's Swift	<i>Chaetura vauxi</i>						10	50+							
129	Band-tailed Barbthroat	<i>Threnetes ruckeri</i>					2						1	1		
130	Green Hermit	<i>Phaethornis guy</i>													1	
131	Long-billed Hermit	<i>Phaethornis longirostris</i>				1					1	1	1			
132	Stripe-throated Hermit	<i>Phaethornis striigularis</i>				2										
133	Green-fronted Lancebill	<i>Doryfera ludovicae</i>								2						
134	Scaly-breasted Hummingbird	<i>Phaeochroa cuvierii</i>				2	1					1				
135	Violet Sabrewing	<i>Campylopterus hemileucurus</i>				1			5						3	
136	Green Violetear	<i>Colibri thalassinus</i>	10	12	6				10	1						
137	Green-breasted Mango	<i>Anthracothorax prevostii</i>						1				1				
138	Fiery-throated Hummingbird	<i>Panterpe insignis</i>		8												
139	Coppery-headed Emerald	<i>Elvira cupreiceps</i>							3						2	
140	Stripe-tailed Hummingbird	<i>Eupherusa eximia</i>	2						3							
141	Violet-crowned Woodnymph	<i>Thalurania colombica</i>										1		1		
142	Blue-throated Sapphire	<i>Hylocharis eliciae</i>				2	1									
143	Cinnamon Hummingbird	<i>Amazilia rutila</i>						2	1							
144	Rufous-tailed Hummingbird	<i>Amazilia tzacatl</i>	2		1	6	5				2	7	10	6		
145	Bronze-tailed Plumeleteer	<i>Chalybura urochrysis</i>											1			
146	White-bellied Mountaingem	<i>Lampornis hemileucus</i>													1	
147	Purple-throated Mountaingem	<i>Lampornis calolaemus</i>							10	1						
148	Grey-tailed Mountaingem	<i>Lampornis cinereicauda</i>	10	5	1											
149	Green-crowned Brilliant	<i>Heliodoxa jacula</i>							15	2					6	
150	Magnificent Hummingbird	<i>Eugenes fulgens</i>	10	12	4											
151	Purple-crowned Fairy	<i>Heliotryx barroti</i>									1					
152	Plain-capped Starthroat	<i>Heliomaster constantii</i>			1											
153	Long-billed Starthroat	<i>Heliomaster longirostris</i>			1											
154	Magenta-throated Woodstar	<i>Calliphlox bryantae</i>							2						1	
155	Ruby-throated Hummingbird	<i>Archilochus colubris</i>						1	2							
156	Volcano Hummingbird	<i>Selasphorus flammula</i>	2	5	6											
157	Scintillant Hummingbird	<i>Selasphorus scintilla</i>	7	4	2											

	Common name	Scientific name	February													
			8	9	10	11	12	13	14	15	16	17	18	19	20	
158	Resplendent Quetzal	<i>Pharomachrus mocinno</i>	1	3							2					
159	Slaty-tailed Trogon	<i>Trogon massena</i>				2h						1	1	4	1	
160	Black-headed Trogon	<i>Trogon melanocephalus</i>					1	3	1							
161	Gartered Trogon	<i>Trogon caligatus</i>				2		1	2		2	1	2			
162	Black-throated Trogon	<i>Trogon rufus</i>											2			
163	American Pygmy Kingfisher	<i>Chloroceryle aenea</i>					1								1	
164	Green Kingfisher	<i>Chloroceryle americana</i>			1	1	3							1		
165	Amazon Kingfisher	<i>Chloroceryle amazona</i>						2			1	1	1	1		
166	Ringed Kingfisher	<i>Megaceryle torquata</i>			1		1	3			2		2	1		
167	Belted Kingfisher	<i>Megaceryle alcyon</i>					1									
168	Blue-diademed Motmot	<i>Momotus lessonii</i>	1							1	3					
169	Rufous Motmot	<i>Baryphthengus martii</i>												3		
170	Broad-billed Motmot	<i>Electron platyrhynchum</i>									2			3		
171	Turquoise-browed Motmot	<i>Eumomota superciliosa</i>					2	3	2							
172	Rufous-tailed Jacamar	<i>Galbula ruficauda</i>				1h								3	1	
173	White-whiskered Puffbird	<i>Malacoptila panamensis</i>												1	1	
174	Blue-throated Toucanet	<i>Aulacorhynchus caeruleogularis</i>	2								1					
175	Collared Aracari	<i>Pteroglossus torquatus</i>												8	4	
176	Keel-billed Toucan	<i>Ramphastos sulfuratus</i>									1	1	6			
177	Black-mandibled Toucan	<i>Ramphastos ambiguus</i>			2	5					1	3	6	5		
178	Acorn Woodpecker	<i>Melanerpes formicivorus</i>	7	5	1											
179	Black-cheeked Woodpecker	<i>Melanerpes pucherani</i>									1	5	4	4		
180	Red-crowned Woodpecker	<i>Melanerpes pucherani</i>			1											
181	Hoffmann's Woodpecker	<i>Melanerpes hoffmannii</i>	3		2	3	6	8	5		1					
182	Smoky-brown Woodpecker	<i>Picoides fumigatus</i>								1		2				
183	Rufous-winged Woodpecker	<i>Piculus simplex</i>										1		1		
184	Lineated Woodpecker	<i>Dryocopus lineatus</i>						1	1h		1h	1				
185	Pale-billed Woodpecker	<i>Campephilus guatemalensis</i>			1	1+1h	1h							1		
186	Olivaceous Piculet	<i>Picumnus olivaceus</i>									1	1				
187	Red-faced Spinetail	<i>Cranioleuca erythroops</i>								3						
188	Spotted Barbtail	<i>Premnoplex brunnescens</i>								3						
189	Ruddy Treerunner	<i>Margarornis rubiginosus</i>								1						

	Common name	Scientific name	February												
			8	9	10	11	12	13	14	15	16	17	18	19	20
190	Lineated Foliage-gleaner	<i>Syndactyla subalaris</i>									1				
191	Buff-throated Foliage-gleaner	<i>Automolus ochrolaemus</i>				1									
192	Plain Xenops	<i>Xenops minutus</i>			1								1		
193	Plain-brown Woodcreeper	<i>Dendrocincla fuliginosa</i>											1		
194	Wedge-billed Woodcreeper	<i>Glyphorhynchus spirurus</i>											1		
195	Northern Barred Woodcreeper	<i>Dendrocolaptes sanctithomae</i>				1						1	1		
196	Cocoa Woodcreeper	<i>Xiphorhynchus susurrans</i>				2							2		
197	Spotted Woodcreeper	<i>Xiphorhynchus erythropygius</i>									3				
198	Streak-headed Woodcreeper	<i>Lepidocolaptes souleyetii</i>			1							1		1	
199	Spot-crowned Woodcreeper	<i>Lepidocolaptes affinis</i>		2											
200	Fasciated Antshrike	<i>Cymbilaimus lineatus</i>											2h		
201	Barred Antshrike	<i>Thamnophilus doliatus</i>					1				1	3		3	
202	Black-hooded Antshrike	<i>Thamnophilus bridgesi</i>				4									
203	Slaty Antwren	<i>Myrmotherula schisticolor</i>					2								
204	Bi-coloured Antbird	<i>Gymnopithys leucaspis</i>				1									
205	Dusky Antbird	<i>Cercomacra tyrannina</i>				4							2		
206	Chestnut-backed Antbird	<i>Myrmeciza exsul</i>				8									
207	Black-faced Antthrush	<i>Formicarius analis</i>				1							1		
208	Streak-chested Antpitta	<i>Hylopezus perspicillatus</i>				1h									
209	Silvery-fronted Tapaculo	<i>Scytalopus argentifrons</i>		1h							1h				
210	Greenish Elaenia	<i>Myiopagis viridicata</i>				1									
211	Mountain Elaenia	<i>Elaenia frantzii</i>	2	1	1										
212	Beardless Tyrannulet sp.	<i>Camptostoma sp.</i>				1									
213	Torrent Tyrannulet	<i>Serpophaga cinerea</i>		1											
214	Yellow Tyrannulet	<i>Capsiempis flaveola</i>										1	1		
215	Paltry Tyrannulet	<i>Zimmerius vilissimus</i>												2	
216	Ruddy-tailed Flycatcher	<i>Terrenotrichus erythurus</i>				1									
217	Slaty-capped Flycatcher	<i>Leptopogon superciliaris</i>								1					
218	Ochre-bellied Flycatcher	<i>Mionectes oleagineus</i>				2					1				
219	Northern Scrub Flycatcher	<i>Sublegatus arenarum</i>					1								
220	Scale-crested Pygmy Tyrant	<i>Lophotriccus pileatus</i>								1					
221	Slaty-headed Tody-Flycatcher	<i>Poecilotriccus sylvia</i>				1									

	Common name	Scientific name	February													
			8	9	10	11	12	13	14	15	16	17	18	19	20	
222	Common Tody-Flycatcher	<i>Todirostrum cinereum</i>					1					1	2		1	
223	Black-headed Tody-Flycatcher	<i>Todirostrum nigriceps</i>												1h		
224	Eye-ringed Flatbill	<i>Rhynchocyclus brevirostris</i>												1		
225	Yellow-olive Flatbill	<i>Tolmomyias sulphureus</i>				1	2									
226	Golden-crowned Spadebill	<i>Platyrinchus coronatus</i>				1										
227	Black Phoebe	<i>Sayornis nigricans</i>	1									1	2	2		
228	Northern Tufted Flycatcher	<i>Mitrephanes phaeocercus</i>		1											2	
229	Eastern/Western Wood Pewee	<i>Contopus virens/cinereus</i>												1		
230	Tropical Pewee	<i>Contopus cinereus</i>											2			
231	Yellow-bellied Flycatcher	<i>Empidonax flaviventris</i>												1h		
232	Yellowish Flycatcher	<i>Empidonax flavescens</i>			1						1				1	
233	Black-capped Flycatcher	<i>Empidonax atriceps</i>		3												
234	Long-tailed Tyrant	<i>Colonia colonus</i>									1	2			3	
235	Piratic Flycatcher	<i>Legatus leucophaeus</i>			2	2	2						2h		4	
236	Social Flycatcher	<i>Myiozetetes similis</i>	2		2	3	3	3	1	1	3	5	3	5		
237	Grey-capped Flycatcher	<i>Myiozetetes granadensis</i>			3	3	2					2		2		
238	Great Kiskadee	<i>Pitangus sulphuratus</i>	5		8	6	15	15	12		12	20	10	15		
239	White-ringed Flycatcher	<i>Conopias albivittatus</i>													1	
240	Streaked Flycatcher	<i>Myiodynastes maculatus</i>			2	2	1									
241	Boat-billed Flycatcher	<i>Megarynchus pitangua</i>		2	1			h			1	2				
242	Tropical Kingbird	<i>Tyrannus melancholicus</i>	5	3	20	2	25	20	20	1	20	30	15	25		
243	Dusky-capped Flycatcher	<i>Myiarchus tuberculifer</i>				1h							1	1h		
244	Panamanian Flycatcher	<i>Myiarchus panamensis</i>					2									
245	Great Crested Flycatcher	<i>Myiarchus crinitus</i>				1	1									
246	Brown-crested Flycatcher	<i>Myiarchus tyrannulus</i>							1							
247	Bright-rumped Attila	<i>Attila spadiceus</i>				1h	1h						1	1	1+1h	
248	Snowy Cotinga	<i>Carpodectes nitidus</i>											1	1	1	
249	White-collared Manakin	<i>Manacus candei</i>									1	5	6	3		
250	Orange-collared Manakin	<i>Manacus aurantiacus</i>				4										
251	Red-capped Manakin	<i>Dixiphia mentalis</i>				1										
252	Blue-crowned Manakin	<i>Pipra coronata</i>				4										
253	Black-crowned Tityra	<i>Tityra inquisitor</i>				5								2		

	Common name	Scientific name	February													
			8	9	10	11	12	13	14	15	16	17	18	19	20	
254	Masked Tityra	<i>Tityra semifasciata</i>								1		1	2		1	
255	Cinnamon Becard	<i>Pachyramphus cinnamomeus</i>					2					1	2	1		
256	Rose-throated Becard	<i>Pachyramphus aglaiae</i>				3	2									
257	Rufous-browed Peppershrike	<i>Cyclarhis gujanensis</i>	2													
258	Yellow-throated Vireo	<i>Vireo flavifrons</i>										1				
259	Yellow-winged Vireo	<i>Vireo carmioli</i>		1	1											
260	Lesser Greenlet	<i>Hylophilus decurtatus</i>				5										
261	Azure-hooded Jay	<i>Cyanolyca cucullata</i>									1					
262	Brown Jay	<i>Psilorhinus morio</i>	8		2	2				8	5				1	
263	White-throated Magpie-Jay	<i>Calocitta formosa</i>					4	5	5		2					
264	Black-and-yellow Phainoptila	<i>Phainoptila melanoxantha</i>		5												
265	Long-tailed Silky-flycatcher	<i>Ptiliogonys caudatus</i>	12	3												
266	Mangrove Swallow	<i>Tachycineta albilinea</i>					50	10	1				5	5		
267	Grey-breasted Martin	<i>Progne chalybea</i>			2		10				5	5	2	4		
268	Blue-and-white Swallow	<i>Notiochelidon cyanoleuca</i>	10	15	4					10	5	10	5		20	
269	Northern Rough-winged Swallow	<i>Stelgidopteryx serripennis</i>										8	10	5		
270	Southern Rough-winged Swallow	<i>Stelgidopteryx ruficollis</i>									10				5	
271	Barn Swallow	<i>Hirundo rustica</i>				1	50	1000+	50+							
272	American Cliff Swallow	<i>Petrochelidon pyrrhonota</i>							100+							
273	Rufous-backed Wren	<i>Campylorhynchus capistratus</i>	2		2	4	3	2	5							
274	Black-throated Wren	<i>Pheugopedius atrogularis</i>											1h			
275	Rufous-and-white Wren	<i>Thryophilus rufalbus</i>				1	1h									
276	Plain Wren	<i>Cantorchilus modestus</i>							1			1				
277	Riverside Wren	<i>Cantorchilus semibadius</i>				4	1									
278	Bay Wren	<i>Cantorchilus nigricapillus</i>										1			1+2h	
279	Stripe-breasted Wren	<i>Cantorchilus thoracicus</i>										1	2			
280	House Wren	<i>Troglodytes aedon</i>	5						2	2	5	3			3	
281	Timberline Wren	<i>Thryorchilus browni</i>			1h											
282	Ochraceous Wren	<i>Troglodytes ochraceus</i>								6						
283	White-breasted Wood Wren	<i>Henicorhina leucosticta</i>										1	5			
284	Grey-breasted Wood Wren	<i>Henicorhina leucophrys</i>	4	1	1					6						
285	Long-billed Gnatwren	<i>Ramphocaenus melanurus</i>				1										

	Common name	Scientific name	February													
			8	9	10	11	12	13	14	15	16	17	18	19	20	
286	White-lored Gnatcatcher	<i>Poliottila albiloris</i>							4	2						
287	Black-faced Solitaire	<i>Myadestes melanops</i>	1h	1h	1h						1					
288	Black-billed Nightingale-Thrush	<i>Catharus gracilirostris</i>	2	4												
289	Ruddy-capped Nightingale-Thrush	<i>Catharus frantzii</i>	3	2	1											
290	Slaty-backed Nightingale-Thrush	<i>Catharus fuscater</i>									6					
291	Wood Thrush	<i>Hylocichla mustelina</i>				1	1					3			1	
292	Sooty Thrush	<i>Turdus nigrescens</i>	3	10	2											
293	Mountain Thrush	<i>Turdus plebejus</i>	1	5	1					1	3					
294	Clay-colored Thrush	<i>Turdus grayi</i>	15	12	6	4	6	4	4	1	15	10	10	15		
295	White-throated Thrush	<i>Turdus assimilis</i>									1					
296	House Sparrow	<i>Passer domesticus</i>			2		1					6				
297	Scrub Euphonia	<i>Euphonia affinis</i>					1									
298	Yellow-crowned Euphonia	<i>Euphonia luteicapilla</i>										2	2	5		
299	Olive-backed Euphonia	<i>Euphonia gouldi</i>										4	4	2		
300	White-vented Euphonia	<i>Euphonia minuta</i>										2				
301	Yellow-bellied Siskin	<i>Carduelis xanthogastra</i>	2	3												
302	Golden-winged Warbler	<i>Vermivora chrysoptera</i>									1	2		2		
303	Tennessee Warbler	<i>Oreothlypis peregrina</i>	3	1	2	1	2	3	1		2	2				
304	Flame-throated Warbler	<i>Oreothlypis gutturalis</i>		1	1											
305	Chestnut-sided Warbler	<i>Dendroica pensylvanica</i>			2	3	3				4	6	10	5		
306	American Yellow Warbler	<i>Dendroica aestiva</i>	2		1	2	4	3	2		3	4	2	2		
307	Mangrove Warbler	<i>Dendroica petechia</i>					3	4								
308	Black-throated Green Warbler	<i>Dendroica virens</i>			1				1							
309	Black-and-white Warbler	<i>Mniotilta varia</i>									2					
310	American Redstart	<i>Setophaga ruticilla</i>					1									
311	Prothonotary Warbler	<i>Protonotaria citrea</i>					2	4	1							
312	Ovenbird	<i>Seiurus aurocapilla</i>				2										
313	Northern Waterthrush	<i>Parkesia noveboracensis</i>			2	4	2						1			
314	Kentucky Warbler	<i>Oporornis formosus</i>											1h			
315	Wilson's Warbler	<i>Wilsonia pusilla</i>	3	6	2				2	1	1	1				
316	Slate-throated Whitestart	<i>Myioborus miniatus</i>								8						
317	Collared Whitestart	<i>Myioborus torquatus</i>		3	2					1						

	Common name	Scientific name	February														
			8	9	10	11	12	13	14	15	16	17	18	19	20		
318	Black-cheeked Warbler	<i>Basileuterus melanogenys</i>		2													
319	Three-striped Warbler	<i>Basileuterus tristriatus</i>									15						
320	Buff-rumped Warbler	<i>Phaeothlypis fulvicauda</i>			1	4	2					1	2	4			
321	Chestnut-headed Oropendola	<i>Psarocolius wagleri</i>										2	12	25	25		
322	Montezuma Oropendola	<i>Psarocolius montezuma</i>							3	4			2	1	20		
323	Scarlet-rumped Cacique	<i>Cacicus microrhynchus</i>														12	
324	Yellow-billed Cacique	<i>Amblycercus holosericeus</i>														4	
325	Spot-breasted Oriole	<i>Icterus pectoralis</i>							3	4							
326	Black-cowled Oriole	<i>Icterus prothemelas</i>											2			2	
327	Orchard Oriole	<i>Icterus spurius</i>							3	5							
328	Baltimore Oriole	<i>Icterus galbula</i>	6	1	5		1	5	4	1	2	3				4	
329	Streak-backed Oriole	<i>Icterus pustulatus</i>						2	2								
330	Bronzed Cowbird	<i>Molothrus aeneus</i>	8									2					
331	Melodious Blackbird	<i>Dives dives</i>	1				1	2			2	4					
332	Red-winged Blackbird	<i>Agelaius phoeniceus</i>					10	10			2		2				
333	Great-tailed Grackle	<i>Quiscalus mexicanus</i>	20		20	1	10	10	25	6	15	15	5	20			
334	Eastern Meadowlark	<i>Sturnella magna</i>						4	1								
335	Bananaquit	<i>Coereba flaveola</i>			1				8			2	2	1			
336	Rufous-collared Sparrow	<i>Zonotrichia capensis</i>	12	20	20				1		6					1	
337	Stripe-headed Sparrow	<i>Peucaea ruficauda</i>					7	1	4								
338	Black-striped Sparrow	<i>Arremonops conirostris</i>						3									
339	Orange-billed Sparrow	<i>Arremon aurantiirostris</i>				7											
340	Chestnut-capped Brush Finch	<i>Arremon brunneinucha</i>	1	2	1						1						
341	Large-footed Finch	<i>Pezopetes capitalis</i>		7													
342	White-naped Brush Finch	<i>Atlapetes albinucha</i>			1												
343	Yellow-thighed Finch	<i>Pselliophorus tibialis</i>	2	5	1												
344	Common Bush Tanager	<i>Chlorospingus ophthalmicus</i>		1					1	25						5	
345	Sooty-capped Bush Tanager	<i>Chlorospingus pileatus</i>	8	4	2												
346	Grey-headed Tanager	<i>Eucomitis pencillata</i>				1	1										
347	White-shouldered Tanager	<i>Tachyphonus luctuosus</i>				7					1						
348	White-lined Tanager	<i>Tachyphonus rufus</i>										2	2	1			
349	Crimson-collared Tanager	<i>Ramphocelus sanguinolentus</i>														2	

	Common name	Scientific name	February													
			8	9	10	11	12	13	14	15	16	17	18	19	20
